

# FRONT TOOL BAR

INNOVATIVE DESIGN • PARTNERS IN EFFICIENCY

**The PhiBer Front Tool Bar is a 3pt hitch mounted tool bar that can carry either a New Holland HS series sickle header or a MacDon R85 series disc header.**

# SPECIFICATIONS

## POSSIBILITY

Combine the front mount header with a pull type unit for up to 36" of mowing in one pass OR couple with the PhiBer Triple Cutter Toolbar for maximum efficiency. The Triple Cutter rear unit allows for up to 54' of cutting width and an 18' transport width.
