

PhiBer Manufacturing JOB DESCRIPTION

March 21, 2023

POSITION TITLE: Welder

SUMMARY OF THIS POSITION

Under the supervision of the Plant Supervisor, the incumbent will work individually and with a team to weld parts and increase the flow of production.

LOCATION:

The job will be carried out on site in Building A.

OUTLINE OF DUTIES

- MIG Weld
- Read CAD drawings
- Retrieve necessary parts

Perform other related duties as requested.

SKILLS AND KNOWLEDGE

Basic Knowledge

The position requires the incumbent to have knowledge of, and experience with:

- MIG welding
- Be well organized
- Able to prioritize
- Have a love for learning
- Self-motivated
- Team oriented
- Strong in mechanical skills

The ability to communicate well both orally and in writing is required.

Comprehension and Judgment

The work requires the ability to solve problems and to make independent decisions on a daily basis. Errors in decision making may cause loss and inconvenience to customers as well as the flow of production.

CONTACTS

The position requires frequent interaction with other employees. Sound judgment, politeness, respect, and courtesy must be exercised at all times.

PHYSICAL

Work requires routine interaction with staff in production, assembly, and administration. It also requires the use of a Welding Machine. Physical effort is required in carrying out related duties such as walking, lifting and moving as the product is prepared for production. Use of a respirator is required.
